Select view: Custom query...

▼ View Code

Map Function:

```
function(doc) {  
  var store, price, key;  
  if (doc.item && doc.prices) {  
    for (store in doc.prices) {  
      price = doc.prices[store];  
      key = [doc.item, price];  
      emit(key, store);  
    }  
  }  
}
```

Reduce Function (optional):

Run

=

Revert
